 LONG ISLAND - EST. 2017

BEER LIST

“Jones Beach Brewing Co. Embodies the Horseshoe Crab.

Of the four oldest animal species on earth, it's the only one that bleeds blue.

It's a staple of Long Island beaches and they embody longevity and changing environments. We at JBBC expect our team to carry out those conceptual qualities and honorable ideals, appealing to the working class, parks, beaches & marine life, by merging two passions: great tasting beer and the betterment of our communities. Whether it's supporting a cause or showing up to a party;

Don't come empty handed,
